

It's *easy* to participate in Team Human.

Join creators with 300M+ subscribers calling for a global slowdown through international agreements.

1. Make a video about AI and share your concerns.
2. Or add a 30 to 60 second segment to a video.
3. Or make a dedicated Short, community post or social media post.

Include #TeamHuman in the title or description so we can find your video.

What to say

- Explain your concerns with AI; everyone has their own reasons for joining.
- Link your reason to the solution: a global slowdown through international agreements.
- Send viewers to **teamhuman.org** to add their name. Team Human will deliver signatures to lawmakers this fall.

The Team Human campaign runs through *October*, the best time to post.

An example statement for your video

AI is moving faster than our ability to control it. [\[Your concerns about AI / Why you support slowing down AI\]](#). Team Human is asking for one thing: a global slowdown of AI through international agreements. Governments won't act until they see how much the public cares. Go to teamhuman.org and add your name.
